

ClubGlider®

the Next Evolution in Golf Travel Bags™

**We've all Experienced the Same
Travel Frustrations...**

**Now There is a Solution That
Changes the Status Quo!**

**Get Legs and Take the
"Lug" Out of Luggage**

CLUBGLIDER PRO

The Pros Asked... We Delivered!

FEATURES:

- Larger than the original ClubGlider (fits a Pro Staff bag or two stand bags)
- Integrated legs (eliminate continuous bending and lifting)
- 100% of the weight of the bag is supported (when legs are extended)
- Pivoting caster wheels (superior maneuverability)
- Legs retract into molded tray (secure for travel)
- Heavy-duty two-way zippers (durability and ease of entry)
- Dense foam padding (protects clubs)
- Four internal pockets (great for storage)
- Internal cinch straps (secure the bag)
- All straps riveted to the bag (quality throughout)
- Reinforced wear areas (durability)
- Lift assist handle (ease of loading into vehicle)
- Folds for storage (compact)
- Internal dimensions: 54" X 16" X 14"

Price: \$299.99

The ClubGlider Bag

- 1200 denier ballistic nylon
- Padded down the back, and sides (ClubGlider protects what's inside too)
- Quilted padding provides superior impact protection to the top and front of the bag
- Will handle a Pro Staff bag or two 3.5 stand bags and up to 50" putter
- Load and unload without having to bend over
- Inside cinch straps – upper and lower – to secure golf bag during transit
- Briefcase can be placed between carry handles on top, removing 10–15 lbs.
- When not in use, ClubGlider collapses for simple storage
- Personalize your bag with your name
- Glides effortlessly from the parking garage, to the airport, to the hotel

The ClubGlider Engineering

- Spring loaded cantilever system
- By design, if the legs are not fully engaged they will retract
- Legs and wheels add less than two pounds
- When the legs are recessed there are no exposed parts
- Engineered for airport use (and abuse)
- Cross bar is built to handle loading and unloading during transit
- Sewn handles facilitate easy loading and unloading
- Caster design engineered for durability
- It's like having your own traveling caddy
